# Mission and Vision

Shatter Fund seeks to boldly redefine lifestyle by empowering companies with female leaders, who shatter barriers. In turn, these women reinvent the communities around them and engage more women in the entrepreneurial process.

We see similar barriers inhibit the financial growth and opportunities for businesses led by entrepreneurs of color, particularly black entrepreneurs.

Featuring material from our portfolio company Hello Alice, we have compiled a set of resources specifically for businesses led by women and people of color with the goal of supporting our community of individuals who are powerfully redefining the face of entrepreneurship.
